The agritation of the State aducators in favor of the establishment of rural ligh so-cools has taken the form of a jul permitting the establishment of such schools, introduced in the Senate on Thesday. The bull provides that the tayy board shall call an election on this subject, on petition of not less than one-third of the voters of the township, and in the event, the proposition carries the township may bond itself for \$5,000. There were introduced in the Itanach and tontine companies unlawful and providing severe penalties for persons entering into them, making he analysis and processing into them, making he analysis appropriation of \$5,000 for the State Fair Society, and promaking in annul appropriation of solvino 000 for the State Fair Society; and providing that all supplies for State institutions be purchased under contract by State auditors, instead of having the board of each institution purchase these supplies. It is estimated that the proposed reform will effect an annual saturate of \$50,000. ing or \$60,000.

It has been practiced to a limited extent in the universities of the West, but it never found a strong foothold in the Mississippl valley nor in the States beyond.

Origin is Hazy. College hazing is so old a castom that its origin is somewhat hazy. One theory is that it was at least a partial outgrowth of the fagging system of Baglish colleges, in which, it was the custom to make new students do memal work for the upper classmen. In hazing which has been indulged in has largely been practiced upon freshmen, thut occasionally other classmen have been hazed.
